QSL INFO -

FT5ZM QSL manager, N2OO informs:
"Cards just arriving from the printer. The SJDXA QSL team has been hard at work preparing the labels. All of our attention is focused on FT5ZM QSLs right now. I ask everyone waiting for other cards that I handle to be patient while we get through this enormous project. Watch www.sjdxa.org for FT5ZM updates." [N2OO]
Also note: YF1AR/5 and YF1AR/6 cards have been designed and are being printed.

New Zealand Postal Rates:
Post rates in NZ are going up - www.nzpost.co.nz/tools/rate-finder
If you want to beat NZ post for a few dollars go buy some Kiwi stamps now. 3 Kiwi stamps bought now before 1st July at 70c with an extra 10c stamp = $2.20 spent now will cover the new international rate on 1st July $2.50 when those Kiwi stamps will be worth 80c each. [ZL1BYZ]

FT[T], TROMELIN ISLAND UPDATE -
This from the FT4TA team:
A great step was done yesterday with the shipment of the 3 boxes containing the equipment. They are on the way for Marseille (Southern France) where they will be embarked at the end of the month on a boat heading to Reunion island.
That puts an end to several intensive weeks devoted to the construction of the antennas and various equipment that were tested, weighed and packed. The to-do list is still very long and all the team is mobilized on the various tasks.

VK, SANDY ISLET (OC-294 New!)
Cezar (VE3LYC), Craig (VK5CE), Johan (PA3EXX), and Bob (KD1CT) are pleased to announce that after almost three years of discussions with the Department of Parks and Wildlife of Western Australia, they have been granted a landing and operating permit from Sandy Islet, OC-294.
Editor's Note: Sandy Islet, of Scott Reef South (WW Loc. PH05VW), is part of the Scott Reef Nature Reserve (IUCN Category 1a), a Marine Protected Area.
They will attempt to be on the air for four full days between September 14 and 21. Details can be found on the expedition website (vk6isl.weebly.com/). VK6ISL represents the callsign the Team applied for.
The costs associated with this project are extremely high, in great part due to the licensing restrictions imposed by the Conservation Authority for boat transportation, which drastically reduced the available options. The Team is looking for any possible financial support from groups and individuals who can help them defray some of these costs." [DX-World]
